

Sports funding. St. Mary's Catholic Primary School

All primary schools are currently receiving a grant to improve sport and mental health provision. The following table shows how funds have been spent through academic year 2017-2018. Total expenditure - £16000

Action	Impact	Further action/developments and sustainability	Cost
<p><u>Professional Services-Holy family High School.</u> HF staff to provide support to staff to further their professional development and confidence in delivery of sport/PE. In addition, provide cluster meetings/activities where all children can be involved, regardless of ability.</p>	<p>Further opportunities and develop interest through introduction to sports. This could include talent spotting and directing children to suitable sporting establishments. Pupils/staff will also have the opportunity to access quality teaching and learning from experienced, P.E. specialists leading to greater confidence and skills.</p> <p>Improve exposure to quality coaching. Early identification of talent, leading to fast track coaching through club opportunities. All children to have the opportunity to participate in cluster and higher level events, allowing a greater exposure to unfamiliar sporting activities. Children now have a selection of activities/games that they can access during lunchtime which a lot of children are enjoying.</p>	<p>All year groups from Y1-Y6 have experienced festivals and events held either at HFHS or here in school. This will be sustained by continuing to train and equip staff. Lunchtime staff and playground leaders have been trained. This will ensure quality activity on the playground is maintained for the pupils in future years.</p>	<p>£2250</p>
<p><u>Professional Services -Sports coaches</u> Continue to maintain contact with external sport coaches. Change for life/Strong and Motivated</p>	<p>Children to be active throughout the school week including break and lunchtimes, maintaining and developing healthy lifestyles, positive relationships and behaviour.</p>	<p>Good quality professionals have supported school with sports activities and lifestyle courses for pupils. The key messages will be reinforced in school moving forward. Pupils are joining the</p>	<p>£3000</p>

<p>Kids with Sam, to continue with Y6 initially.</p>	<p>Wider knowledge and experience to enable young people to make better lifestyle choices. Impact: All children have been awarded their first belt for kick boxing (red/white). Many children now attend kickboxing as an out of school club. Those taking part in the healthy living and Strong and motivated courses expressed renewed enthusiasm for the activities and positive effects on their health and wellbeing. Professional football coaching has given both boy/girl teams the opportunity to participate in football tournaments with some success. All KS2 attended an outdoor and adventurous 'Best trip ever!' day at the Skylark Centre. This has given children increased excitement about outdoor activities resulting in the desire to build on these experiences.</p>	<p>clubs outside school so will continue to take part in these sports. School will continue to select high quality staff to deliver active and healthy/active living courses.</p>	
<p><u>Transport to sporting events</u></p>		<p>Funding will continue to be set aside to ensure that children can continue to attend events next year.</p>	<p>£1000</p>
<p><u>Healthy lifestyles- Learning resources</u> Continue to maintain resources for active lifestyles. The children will have access to</p>	<p>Greater exposure to high level events and activities that we can't run from our school. Development and exposure to sporting activities that the children would otherwise</p>	<p>Additional quotes have been sourced for a trim trail, basketball nets and solar wall-mounted stop watches. These will support sustainable activity on the</p>	<p>£7750</p>

<p>quality resources that will encourage activity throughout the school day. They will be stored appropriately and accessible for use.</p> <p>A new order of equipment to replenish old or damaged stock will be made as appropriate.</p> <p>Improvement of the running track section of our school field.</p> <p>Termly wow day.</p>	<p>not experience.</p> <p>All KS2/KS1 children have participated in events.</p> <p>Encourage healthier and more active lifestyles, relieve boredom, reduce incidents of inappropriate behaviour during lunch time and break times.</p> <p>Behaviour is excellent at both playtime and lunchtime. All KS1/ EYFS children now have the option to be involved in playground games, courtesy of the playground leaders or lunchtime supervisors or play with high quality resources.</p>	<p>playground. Future groups of playground leaders will ensure this support continues for younger children.</p>	
<p><u>Development of an outdoor 'Tranquillity' space/Peace garden</u></p>	<p>Tranquil space available for all children/classes to use. Encourage and maintain positive relationships and behaviour.</p> <p>The Peace garden is almost complete but the children are now able to use the space.</p>	<p>The peace garden will be able to be used by pupils for years to come ensuring they have space for quiet reflection, supporting their emotional wellbeing which school has found so important for active involvement in sports and healthy lifestyles.</p>	<p>£2000</p>
